

# THE 4TH ALLUVIAL MINING CONVENTION & TRADESHOW

## THEME

### “TRANSITIONING THE ALLUVIAL MINING SECTOR FOR GROWTH”

1. Dore gold from a licensed exporter.

2. On site training at the Wau training centre.

3. Mechanised operations in Papua New Guinea.

4. Alluvial operations in Misima.

The PNG Alluvial Mining Convention & Tradeshow is an initiative of the Mineral Resources Authority (MRA) to promote the Alluvial Mining Sector.

The Goroka Convention in 2016 hosted an increasing number of participants, which underscores the growing interest in the PNG alluvial sector or the artisanal and small scale mining (ASM).

Sector stakeholders include alluvial miners from all alluvial areas in PNG, regulatory agencies, SME agencies, financiers, investors, licensed gold exporters, Provincial & Local Level Governments, equipment suppliers and manufacturers.

This year's Convention will be scheduled to coincide with the APEC Mining Week and be held on the margins of the Mining Task Force meeting and activities

**VENUE: LAE INTERNATIONAL HOTEL, MOROBE PROVINCE**
